"We don't know what we don't know"

Dr. Del Tarr

Title: The Blessed Hope – The Second Coming of Christ

Text: *Matthew 24:30-31, 36-44; and Acts 1:11*

Comment: Today will be a Historical “Smorgasbord” of beliefs and opinions concerning this future momentous time in the life of the Church of Jesus Christ.

1. God has had a plan from the beginning of time, on to the completion of man’s time on earth, including the Second Coming of Christ.
2. The believers HOPE by the power of the Holy Spirit.
3. What about this long delay in His coming?
4. Jesus said even He didn’t know the time of His second coming, but that hasn’t stopped folks from predicting!
5. The Church, in history, shifts away from the truth of Jesus’ and apostles’ words, and comes back.
6. Antisupernaturalism, Liberation Theology, Existentialism plus many more, all sharing the same contemporary time frame today and all have a belief about the 2nd coming.
7. And now I’m going to tell you a true story that brought hundreds of people into the Kingdom (salvation) and at least 15 preachers of the Gospel. It’s related to an old popular hymn, “He’s Coming Soon”.
